

NORON

PRECISION MACHINING, INC.

Specializing in CNC Milling & Turning

Established in 1977~Over 30 years of experience in machining excellence

FACILITIES EQUIPMENT

CNC Machining Centers

- Haas EC400 Horizontal Mill
- Haas VF-0 Machining Center
- Haas VF-2 Machining Center
- Haas VF-3 Machining Centers (2)
- Mori Seiki Machining Centers (2)

CNC Turning Centers

- Puma 200 with SMW Spacesaver 2000 with Barfeed
- Twinhorn T-6A CNC Lathe with Barfeed (2)

Manual Milling Machines

- AcraMill
- Bridgeport

Additional Equipment

- Bandsaw
- Brother HiTap Machine
- Drill Presses (3)
- Econoline Bead Blaster
- Haas 4th Axis Indexing Head
- Lapmaster Model 15
- Radial Cut Off Saw 16" Blade
- Ramco RS90P Cut Off Saw

QUALITY ASSURANCE & INSPECTION

Mitutoyo AE112 Coordinate Measuring Machine with Optics
Supported by Integrated Quality CMM Manager Software
Package Version 1.2 Measuring Envelope 12X12X18

QA Equipment List

- Bausch & Lomb Microscopes
- Deltronic Pin Sets to 1 inch
- Depth Micrometers to 6 inches
- Digital Mini-Processor DP-1HS (S.P.C.)
- Gauge Pins from .011 to .750
- Granite Plates 18X24 & 24X36 Grade A
- Micrometers to 8 inches
- Mitutoyo Digital Drop Indicator
- Mitutoyo Gauge Blocks (2)
- Mitutoyo Height Gauge to 24 inches
- Mitutoyo SurfTest Profilometer
- Ring & Thread Gauges
- Thread Micrometers

Climate controlled inspection area.

All our equipment is maintained and calibrated in accordance with:

- ANSI-Z-540-1
- ISO/IEC 17205
- MIL-STD-4566A
